Pledge of Allegiance

Privilege of the Floor

Rick Stevens started out by saying he and Sue (Vanderpool) are still working on the Old 34 speed limit paperwork. They'd like to get all the people on Old Route 34 and as many people on those sideroads that this would affect.

Was inquiring about the raw sewage down the road from him at 313 Madigan Road. Supervisor Foster said he is going to have to talk to Chris Robinson about that as it is a code issue. Department of Health was involved, too, but Supervisor Foster recommended he start with Mr. Robinson. Supervisor Foster added he may find that the county won't be doing anything about it because it's not on the surface. Mr. Stevens just wants to find what the solution is.

Regarding the school tax bill formula, Mr. Stevens was wondering if anything came to fruition on the formulas used on the bill. Supervisor Foster and Town Clerk Richards-McCarty agreed that is solely a school issue. The printing of the bills lies solely with the school and their tax bill programmer.

Mr. Stevens wanted to know if the Town was able to settle the issue on the road damage [on Madigan Road]. Supervisor Foster said he and Highway Superintendent Schweiger had handed it over to the State Police and they have conducted an investigation and are still looking into it. It's a working progress. Highway Superintendent Schweiger said the State Police are also working with the Sheriff's Office because there are other municipalities that have had issues with this.

Mr. Stevens said if for some reason you can't find the person who did this, you have that \$500 the Board authorized for the conviction of the culprit, you can use that money to run the legal ad in the newspaper. A legal ad ran in the paper for three weeks would come to about \$100-\$500 depending on the number of lines. It has to be sent to the paper as a legal description as well as by certified, registered mail. This will be discussed later on in the meeting.

Personnel:

Town Clerk Arrah Richards-McCarthy

1. Penelec is scheduling an outage for Monday, August 17 from 8am-4pm. We will be closed that day since we will not be able to do any work.

Highway Superintendent Fred Schweiger

Still waiting to hear back from what happened on Madigan Road. Suit Kote needs to bring their chipper down because it is so wide. We rebuilt Parker intersection where it got washed out from the Spencer side. Put a good 3 ½ -4' bank run and weepers. Supervisor Foster and Councilman Jeff Coleman agreed it looked really good. Highway Superintendent Schweiger said he is unable to take the road down any due to the Millennium pipeline underneath. When Suit Kote comes in to oil and stone Parker Road, they will then patch Madigan Road at no cost.
